

APEROL SPRITZ*

Making Aperol Spritz is as easy as 3, 2, 1 - just get a tumbler or a large balloon glass and follow the simple instructions:

- 3 parts of Cinzano Prosecco
- 2 parts of Aperol
- 1 dash of soda
- ice and a slice of orange

Add ice and a slice of orange, pour in the Prosecco, the Aperol and add a dash of soda. This avoids the Aperol settling at the bottom.

* Official cocktail of the IBA (International Bartending Association). IBA cocktails are prepared all over the world according to this original recipe.
